HSA Benefit Solution

Why choose a Health Spending Account (HSA) for your employees?

As an employer, one of your top priorities is making sure that your employees have the coverage they need to stay healthy and happy. It's how you attract top performers to your workplace and keep them engaged.

Whether you are looking for a complete solution or something to add extra value to your existing benefits — learn why companies across Canada are using an HSA.

COVERAGE

Offer any (or all) of the following: prescription drugs, major and minor dental, orthodontics, vision and paramedical health coverage like massage therapy, naturopathy, physiotherapy and more.

PLAN DESIGN

Want a voice in the coverage you are offering your employees? Tired of picking from limited plan choices?

Our HSA Benefit Solution let's **you decide** the plan design. For example, give your employees 100% coverage for ultimate flexibility, or design the plan with 80% reimbursement for dental, 50% vision and 80% prescription drug coverage...whichever structure meets the needs of your workforce.

AFFORDABLE

The HSA gives you cost assurance. Employers only pay for the percentage of the HSA that actually gets used. Never go above your budgeted amount.

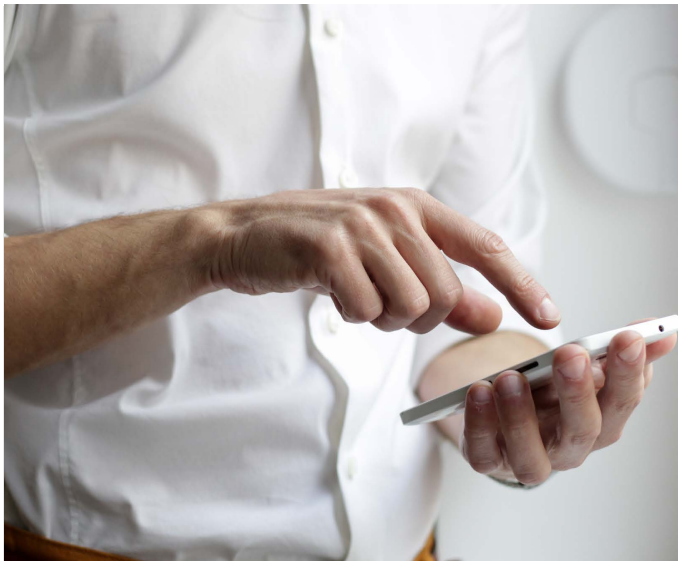

Not only that but the reimbursements are provided as non-taxable benefits to the employee, and the payments are 100% tax deductible business expenses.

You can download financial statements, monthly invoices and print usage reports anytime. Everything is online at your fingertips!

Are certain coverages costing a lot on your current plan? Take them out (Vision is a popular choice for this) and offer them separately as an HSA.

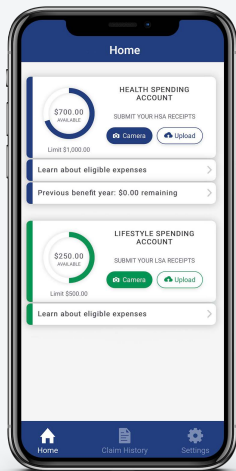

Get cost control without sacrificing coverage!

WHAT ARE YOU SIGNING UP FOR?

MODERN TECHNOLOGY

The workplace is changing — and so is your modern worker. This is being driven primarily by smart-phone technology. Successful benefits plans need to offer employees mobile access to their benefits, easy receipt claiming and fast reimbursement.

MOBILE ACCESS

Introducing our mobile app:

Employees access their HSA Benefits directly in the palm of their hands. They can use the camera on their mobile device to take pictures of their receipts and send the images over to us to process for reimbursement. No need to mail anything in.

EASY ADMIN PORTAL

Everything is online at your fingertips. On the effortless admin portal you can:

- ✔ Add and remove employees
- ✔ Review and print usage reports anytime
- ✔ Have full access to account financials

WE TAKE CARE OF EMPLOYEES

Once the plan has started, we take care of your employees with welcome emails, onboarding tutorials, training videos and more. The transition to an HSA Benefit Solution is seamless. An experienced support team will answer questions and provide any help needed, throughout the benefit year.
