LifeHealth+ Solution

Get Flexible Health and Lifestyle Benefits For Your Workplace

With LifeHealth+, create a 'menu' of benefits to offer your employees. Whether you are looking for a complete solution or something to add extra value to your existing plan — learn how companies across Canada are using this solution to attract top talent and provide choice, all while staying on budget.

PICK THE COVERAGE THAT MATTERS TO YOUR WORKPLACE:

HEALTH

Offer any (or all) of the following: prescription drugs, major and minor dental, orthodontics, vision and paramedical health coverage like massage therapy, naturopathy, physiotherapy and more.

WELLNESS

Pick from a list that includes popular options like: gym and recreational memberships, family leisure costs, transit passes, educational learning, spa relaxation and more.

WHY IT MATTERS

Daycare coverage is important to one employee, while getting fitness classes reimbursed is significant to another. Show your employees that you embrace the different health and wellness needs in your workplace. Allow them to choose how to allocate their yearly spending dollars between a variety of coverage choices.

AFFORDABLE

Only pay for what is actually used (up to the limit you set for employees). Never go above your budgeted amount.

The 'health' coverage is tax-free to the employee, and the 'lifestyle' expenses are taxable to the employee (treated like income). Track both types of spending with easy online reporting.

If you already have an existing HSA, use that same budget and add new wellness coverage. Give employees flexibility and let them decide how to use their dollars.

WHAT ARE YOU SIGNING UP FOR?

The workplace is changing — and so is your modern worker. Benefits need to be online, easy to submit and use smartphone technology. With LifeHealth+, your employees have access to the simplest mobile app of its kind in the industry. All they have to do is take a picture of their receipts and we do the rest!

According to one user, "That's all I have to do? I am definitely going to show everyone in the office!"

WE TAKE CARE OF EMPLOYEES

Your employees receive welcome emails, onboarding tutorials, training videos and more. The transition to a LifeHealth+ Solution is seamless. An experienced support team will answer questions and provide any help needed throughout the benefit year!
